HAILEY'S COMET MAKES GOOD WINE

Effect on Atmosphere Resulted in Glorious Stuff to Drink.

"Hailey's comet has portended good, as well as evil in the past," declared a prominent scientist last night at the Jefferson, "and a search of the records will bear that out. Centuries ago, fear of the comet was universal; to-day, the progress of humanity is evidenced by the fact that such fear is now the exception, not the rule. Science is the reassuring power."

"Those who have vineyards and wine-presses in certain parts of the world look forward to the coming of the comet with more than curious interest. In 1811 and in 1858 the comet had a most beneficial effect on the atmosphere of the earth. Especially did this bear on the vineyards of Southern Europe. The wine of the comet years' was of such abundance and of such a rare, producing quality that for a long time it was advertised as 'comet wine' commanding unusually high prices. If our present methods of advertising had then been in vogue we should probably be manufacturing 'comet wine' by artificial methods even now."

Shooting off skyrockets over the wine vats in the cellars might produce the same rare quality.

"Connoisseurs in wine firmly believe that unusual natural phenomena affect the quality of wine. At the time of the earthquake in Charleston, S. C., here were many lovers of the purple liquid who had their age-mellowed treasures smashed into bits and the precious fluid lost. Yet they have always maintained that the quality of wine was shaken to it more than compensated for the loss, and must be treated as so much molten gold."

MAY ESTABLISH POLICE PATROL

Petersburg Council Considers Installation of New Service.

PUBLIC HALL PROPOSED
Negro Burglar, Caught With Goods, After Hot Chase.

Times-Dispatch Bureau, 103 North Sycamore Street, Petersburg, Va., May 5.

An adjourned meeting of the Common Council was held last evening for the purpose of closing up some unfinished business. The council was in the Council were filed—one by the election of M. Carter Hall as a member from the Third Ward, and the other by the election of Robert W. Price as a member from the Fourth Ward.

President Patterson read a communication from the Police Commissioners asking for an appropriation of \$6,000 for the establishment of a police patrol system and for permission to contract for its installation. This would include forty-nine patrol boxes, but does not include the patrol wagon or automobile and shed.

A representative of the Western Electric Company was in the city yesterday in conference with the Police Commissioners and the Chief of Police relative to the details and cost of the patrol system. The Council referred the matter to the Finance Committee for report and recommendations. It is believed that the committee will favorably report the appropriation, that the Council will indorse it and that the money will be provided in the new budget.

Proposed Convention Hall.
The Council at a previous meeting adopted a resolution for the appointment of a committee to inquire into and report on the advisability of erecting a convention hall and armory on the site of the present high school building, on Union Street, opposite the post-office. The committee has since the appointment of Robert Gilliam, Jr., and Charles W. Bland on the part of the Council.

In view of the fact that the city is building two large schoolhouses, which will be ready for occupancy next fall, and that other provisions will be made for a high school, it is not thought that the present high school building will be used after the session now closing. Hence, the proposition to erect a building suitable for a public hall and for an armory for the military.

Personal and Otherwise.
Commonwealth's Attorney R. H. Mann is confined to his home on Adams Street by sickness.

The Wednesday Music Club met yesterday afternoon with Miss Emily Mason, on Adams Street, and a very delightful program of selections from modern composers was rendered, which many guests enjoyed. The club and guests were handsomely entertained by the charming hostess.

After a brief illness, Miss Blanche Virginia Williams, aged thirteen years, daughter of Mr. and Mrs. Jacob D. Williams, died this morning at the home of her parents, on Byne Street. The family removed from Sussex county to Petersburg last November.

Mr. Joshua H. Worsham, widow of J. S. Worsham, died this morning in the Petersburg Hospital, where she was under medical treatment.

Military Encampment in Dinwiddie.
W. A. Childrey, of Richmond, is in the city for the purpose of adding to the topographical map of the section which has been enlarged for the use of the military encampment here. The camp for the officers of the Virginia National Guard will be located on the grounds of the Riverside Club, in Dinwiddie county.

John P. Coulter, secretary and treasurer of the Grain Dealers' National Association, met the city brokers and dealers of this city this afternoon in the Chamber of Commerce in conference on the matter of uniform gradings of grain.

Burglar Captured.
Jule Mack, a negro burglar, was caught with the goods at an early hour this morning, but not until after a chase, during which several shots were fired by a policeman. Mack broke into Friedenberg's store, on Old Market Street, about 4 o'clock this morning. He filled a large bag with a variety of goods and started away, but was seen and pursued and captured by Officer Huggins. At 8 o'clock this morning Mack was committed to the Petersburg Jail, where
